Unable to complete a full shift until he reaches his avian maturity, he still can t be sure of his exact species. But with species comes rank, and rank is everything to the avians. When a partial shift allows the elders to announce that they believe Ori to be a rather ugly little duckling, he drops straight to the bottom rung of their hierarchy. Life isn t easy for Ori until he comes to the attention of a high ranking hawk shifter. Then the only question is, is Ori really a duck-and what will his new master think when the truth eventually comes out? Please Note: This is the second edition of this title. It has been tweaked and re-edited but the plot has not been changed.
