The Tao of Systems Thinking: Exploring the Parallels Between Eastern Mysticism and Systems Thinking (Paperback)

By Michael Mccurley

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.There are many parallels between the ideas of Tao Te Ching, written 2,500 years ago by Lao Tzu, and those of Systems Thinking, which has come into prominence with the advent of modern personal computers, through people like Jay W. Forrester, and other thinkers such as Donella Meadows and Fritjof Capra. This book invites us to consider certain timeless wisdoms related to Systems Thinking, and provides us with a few points to explore as we face major challenges for resolving issues we confront for our future. Implicit in all of this are the roles we play in what our world has become, and how we could change or improve if we become more aware of who we are individually and collectively as a species. This book also contains a complete English version of Tao Te Ching, by Lao Tzu, that has been translated by the author. The book has also been updated to match passages and commentaries for easier reading. Commentaries have been carefully researched and include hyperlinks to more than a hundred sources in the Bibliography of Links and...
