*This ebook is definitely not straightforward to start on looking at but really enjoyable to learn. It usually will not charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Set in the canyon lands of Utah, SKY WARRIORS follows the impact of unsought encounters with UFOs and ETs on the lives of two men and a woman and culminates in a desperate struggle to keep a KC-135 jet tanker with a full load of fuel from crashing into the Rose Bowl. Abducted by ETs while on his vision quest in 1935 at age seventeen, Native American (Ute) Joe Star struggles to accept the ETs revelation that he is part Star Being. While with them, they offer to teach him to fly a saucer. When he returns to earth, his ignited love of flight moves him to enlist in the US Army during WW II to become a P-47 fighter pilot. There he endures the tragic loss of his girl friend, a WASP pilot (Women s Army Service Pilot). Brian, a recently widowed businessman and pilot, must look far beyond himself to learn how to love again and rise to heroic action in the saucer. Sally, her childhood shattered by ET abductions and her recent past scarred by betrayal and divorce, struggles to overcome her fears and find the strength to love courageously and act boldly. The three come together to find hope and purpose, culminating in a desperate showdown in the sky, where the outcome will determine whether thousands at the Rose Bowl will live or die. This tale of flying, UFOs, romance and personal transformation will appeal to readers who appreciate credible characters in a gripping adventure with a paranormal flavor.
