By MR Robert E Stathakis

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Primal Instincts is based on the mythological creature known as Bigfoot or Sasquatch. The myth going s back thousands of years in Native American lore. The premise of the story is that Sasquatch and humans are very close in the evolutionary chain, close enough to cross breed. I based this on a theory that Neanderthal didn t go extinct they where bred out of existence. I used the Pacific northwest as backdrop to tell the story of a Bigfoot research team investigating a sighting and finding this millenniums old secret of nature.
