Exeunt Reason Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Death s mirror. It will contort you, torment you, complicate you, unravel you. You think you can escape the fate already laid out, but this is the labyrinth that is death s mirror. Or is it? Are you sure you know whether you are death s mirror or death s mirror is you? Death s mirror is a philosophy of alternatives, an existence of multiple potentialities, a set of probabilities, a multitude of possibilities. It is infinity laid out before you-in all its confusing and mind-splitting grandeur and splendor. Death s mirror forces you to confront the vastness that is all existence-where you are neither dead nor alive, where you are neither here nor there, where you are neither sane nor insane-as the complexity of existence devours you without pity. To understand this is to not understand it, and is to flash the mirror at Death himself, to twist his dreams, to contort his nightmares, making him beg for mercy: That is, assuming he doesn t beat you to it .
