Title: Sailing directions for the West Coast of Norway, from the Naze to the North Cape, and thence to the White Sea, to Archangel and Onega. Publisher: British Library, Historical Print Editions The British Library is the national library of the United Kingdom. It is one of the world's largest research libraries holding over 150 million items in all known languages and formats: books, journals, newspapers, sound recordings, patents, maps, stamps, prints and much more. Its collections include around 14 million books, along with substantial additional collections of manuscripts and historical items dating back as far as 300 BC. The GEOLOGY collection includes books from the British Library digitised by Microsoft. The works in this collection contain a number of maps, charts, and tables from the 16th to the 19th centuries documenting geological features of the natural world. Also contained are textbooks and early scientific studies that catalogue and chronicle the human stance toward water and land use. Readers will further enjoy early historical maps of rivers and shorelines demonstrating the artistry of journeymen, cartographers, and illustrators. The...

Reviews

Definitely one of the better books we have possibly read. We have read through and I am also certain that I am going to go back and study it once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.

The book is fantastic and great. It was written really perfectly and useful. I discovered this PDF from my dad and he suggested this book to learn.
