Balboa Press Australia, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Educational children s book on Australian animals. A fresh approach combining fact and the hilarious adventures of The Pobblebonk Earth Detective Club. Designed to show learning is fun. Aimed at 10-14 year olds it encourages children to investigate questions, carry out imaginative earth detective activities, that can also be used by teachers, and develop a life-long interest in learning. Quizzes with country flag maps are designed to develop knowledge of the world and its place geography. The book tells the story of the three somewhat off-beat Mathieson children, who forced to move to their granny s farm, fight off their loneliness and boredom by becoming amateur detectives, launching into a series of bizarre adventures in the process. Their cases take them deep into the world of animal tracks and scats, and native Australian animals including marsupials, frogs, crocodiles, rats and mice, a range of lesser-known animals and the unique character of Australia itself. The book provides references to high quality useful websites for children to carry out further research. Literacy is stressed through a variety of methods with all technical terms highlighted and clearly explained.
