ADVANCING THE COMPETITIVENESS AND EFFICIENCY OF THE U.S. CONSTRUCTION INDUSTRY (PAPERBACK)

National Academies Press, United States, 2009. Paperback. Condition: New. Language: English . Brand New Book. Construction productivity--how well, how quickly, and at what cost buildings and infrastructure can be constructed--directly affects prices for homes and consumer goods and the robustness of the national economy. Industry analysts differ on whether construction industry productivity is improving or declining. Still, advances in available and emerging technologies offer significant opportunities to improve construction efficiency substantially in the 21st century and to help meet other...
