Reviews

This book might be worth a read, and superior to other. Of course, it really is engage in, still an interesting and amazing literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

Hodder Stoughton General Division, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. 1939, and Will and Alice are evacuated to a granite farm in north Cornwall, perched on a windswept cliff. There they meet the farmer's daughter, Maggie, and against shimmering barley fields and a sky that stretches forever, enjoy a childhood largely protected from the ravages of war. But in the sweltering summer of 1943 something happens that will have tragic consequences. A small lie escalates out of all proportion. Over 70 years on Alice is determined to make amends - but has she left it too late? 2014, and Maggie's granddaughter Lucy flees to the childhood home she couldn't wait to leave thirteen years earlier, marriage over; career apparently ended thanks to one terrible mistake. Can she rebuild herself and the family farm? And can she help her grandmother, plagued by a secret, to find some lasting peace? This is a novel about identity and belonging; guilt and atonement; the unrealistic expectations placed on children and the pain of coming of age. It's about small lies and dark secrets; and how the need to love and be loved endures. But above all it's about a beautiful, desolate, complex place.
