Jaredites: The Missing Civilization X: What Classical Archaeologists Have Covered Up, Ignored and Pretends Does Not Exist (Paperback)

By Jim Hendleman

AUTHORHOUSE, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Jaredites: The Missing Civilization X Jim Hendleman This book covers the origin and archaeological development of selected categories of civilized elements identified as being Jaredite in origin. It is an attempt to elevate the Jaredite civilization into the light of day from the heretofore dark mists of history where science has forced it for the last 2,500-years. The Jaredite Civilization spanned a possible 2,530-years in length and their known achievements alone have far exceeded those of modern man s successes in many regards. In c.2500 BC, the Jaredites built a pair of concrete super highways over 2,700-miles, complete with paved exits and a secondary road network, nearly the entire length of the South American continent. Their civilization could answer the riddles of the Sphinx; the questions of who built the pyramids, and why; the mystery and likely origin of UFO s; prove whether or not George Lucas had the only ET; detail what Noah brought aboard the Ark besides three of his sons and their families and provide an answer to the question posed to Dr. J. Robert Oppenheimer by a student...
