General Accounting Office, 2003 OCLC Number: (OCoLC)54064540 Subject: Hepatitis C -- United States. Excerpt: . . . facilities, because nursing staff were at times delayed in entering a note in the computerized medical record after screening a veteran for hepatitis C risk factors, the provider was unaware of the need to order a test for a veteran identified as at risk. The three network facilities have changed their practices for ordering tests, and as of late 2002, nursing staff in each of the facilities are ordering hepatitis C tests for at-risk veterans. The second reason for tests not being ordered, which was offered by a clinician in another one of the three Network 5 facilities, was that nursing staff did not properly complete the ordering procedure in the computer. Although nurses identified at-risk veterans using the hepatitis C screening clinical reminder in the medical record, they sometimes overlooked the chance the reminder gave them to place a test order. To correct this, nursing staff were retrained on the proper use of the reminder. For the remaining 30 percent..
