Reviews

The book is great and fantastic. Better then never, though i am quite late in start reading this one. I realized this publication from my dad and i advised this ebook to find out.

(Dr. Blair Mann)

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1918 Excerpt: .the LaMotte sandstone and the lower portion of the Bonne Terre dolomite near the contact with the underlying pre-Cambrian formations. It assays from 1 to 2 per cent, cobalt and nickel and about 2 per cent, copper. In the Flat River-Bonne Terre area but little of this character of ore occurs, although the middling product of some of the tables separates mixed sulphides. Copper ore, chiefly carbonate, has been found in Shannon County at the contact of the pre-Cambrian and sedimentary rocks. In the Slater shaft west of Eminence, a small stringer of the ore has been followed to over 100 ft. in depth where the joint plain has been reduced to less than an inch between walls. In many cases the deposits of hematite in the filled sink area also show copper carbonate but in no instance has copper ore been produced on a commercial scale. The orebody of the Copper Mountain Copper Co. southeast of Sullivan has shown some sulphides near water level in addition to considerable carbonate. In Ste. Genevieve County, copper ore has been mined from cherty brecciated beds of the Cotter-Powell formations. These deposits occur chiefly along intraformational conglomerates and are bunchy and irregular. Other than the ore produced at Fredericktown, the Ste. Genevieve area is the only one that has produced commercially. Tungsten Deposits Tungsten is being mined in the granitic area of Madison County, Missouri, about 12 miles west of Fredericktown. The property was first opened in 1877 and...
