

## Seven More Languages in Seven Weeks: Languages That are Shaping the Future

By Bruce Tate, Ian Dees, Frederic Daoud, Jack Moffit

The Pragmatic Programmers. Paperback. Book Condition: new. BRAND NEW, Seven More Languages in Seven Weeks: Languages That are Shaping the Future, Bruce Tate, Ian Dees, Frederic Daoud, Jack Moffit, Great programmers aren't born--they're made. The industry is moving from object-oriented languages to functional languages, and you need to commit to radical improvement. New programming languages arm you with the tools and idioms you need to refine your craft. While other language primers take you through basic installation and "Hello, World," we aim higher. Each language in Seven More Languages in Seven Weeks will take you on a step-by-step journey through the most important paradigms of our time. You'll learn seven exciting languages: Lua, Factor, Elixir, Elm, Julia, MiniKanren, and Idris. Learn from the award-winning programming series that inspired the Elixir language. Hear how other programmers across broadly different communities solve problems important enough to compel language development. Expand your perspective, and learn to solve multicore and distribution problems. In each language, you'll solve a non-trivial problem, using the techniques that make that language special. Write a fully functional game in Elm, without a single callback, that compiles to JavaScript so you can deploy it in any browser. Write a logic...
