Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. * Scientists cannot explain why genetic mutations occur. Therefore, they must be the result of karma. (wrong, because they could be the result of radiation, imperfections in the DNA copying mechanism, or unknown causes) * [Love, truth, self sacrifice, altruism, forgiveness, faith, devotion] cannot be explained as developed from animal nature by means of the struggle for material existence. For these qualities are not to be found in lower animals, although the struggle for existence is there. The moral and spiritual nature of human beings cannot be traced as the outgrowth or gradual development of the animal nature. (Exposes a complete misunderstanding of evolution as a war of all against all where cooperation and in-group-altruism are not rewarded. The guy needed to read some Dawkins and Kropotkin. Many of these qualities do seem to be found in lower animals.) *Numerous times he posits evolution as partially correct, but incomplete. Part of what he thinks evolution got right is the idea of progress. That life is progressing from single celled life to fishy things to quadrupeds to bipeds, to humans, the most perfect beings. According to Vedanta, the end and aim of Evolution is the attainment of perfection. Physical evolution of animal life reached its perfection in the human form. There cannot be any other form higher than human on this earth under present conditions. It is the perfection of the animal form. From this we can infer that the tendency of the law of Evolution is to reach perfection. Do we see in nature any other higher form evolved out of the human body? No. Shall we not be justified if we say that the end of physical evolution is the attainment...
