For courses in Abnormal Psychology This package includes MyPsychLab(r) Explore the science and humanity of abnormal psychology Abnormal Psychology: A Scientist Practitioner Approach portrays the human face of various psychological conditions, helping students to understand that abnormal behavior is complex and subject to many different forces. Authors Deborah Beidel, Cynthia Bulik, and Melinda Stanley all active researchers, clinicians, and educators bring abnormal psychology to life via a scientist practitioner approach that integrates biological data with research from the social and behavioral sciences. The Fourth Edition offers expanded coverage of disorders emphasized in the DSM-5, as well as discussions of contemporary issues that foster student interest. Included in this package, MyPsychLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. MyPsychLab is ideal for courses requiring robust assessments. Abnormal Psychology: A Scientist Practitioner Approach, Fourth Edition is also available via REVEL, an interactive learning environment that replaces the print textbook, enabling students to read, practice, and study...
