Reviews

The ebook is easy to go through and easier to recognize. We have studied it and I am certain that I will plan to read through it once again in the future. I am quickly getting a pleasure from studying a well-composed publication.

USING THEATRICAL STAGE MAGIC TO ASSESS COGNITIVE DEVELOPMENT: EXPLORING FUNDAMENTAL BUILDING BLOCKS IN CHILDHOOD DEVELOPMENT WITH CONJURING, COMEDY AND SLEIGHT OF HAND (PAPERBACK)

Createspace Independent Publishing Platform, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Join us on a whimsical journey using magic and mayhem to as a psychological evaluation tool. A satirical look at the world of assessment and evaluation of the inner workings of the mind through the use of stage magic. In working our way towards setting up the evaluation, I found myself in a most difficult position of trying to explain to my family of this appraisal of the mind that I wanted to conduct. I could sense by the questions they were asking my wife, that they were growing more and more concerned as the conversation wore on. What kind of results was I looking for? Would there be any discomfort involved? What was the outcome I was looking for? Are there any costs involved? I could see my wife growing tired of playing the role of middle man in trying to sell the idea to her brother on the telephone. Suddenly, the perfect answer seemed to present itself on the spur of the moment. Like a delicious steak suddenly appearing to the stranded tourist lost in a sea of desert sand, the perfect solution to our spiraling conundrum instantly flashed before my eyes. I asked my wife to hand me the telephone, and I blurted out that we are offering to come over to their home and conduct a small magic show for them. Just like real magic, these ten words suddenly transformed the energy of the conversation quite noticeably. Sure enough, he agreed. As one subterfuge seemed to lead to another, I continued the thinly veiled ruse by further stating that it would be an educational format and that I was looking to try out some new ideas for teaching...
