Reviews

It is one of my personal favorite publications. Indeed, it is actually performed, still an amazing and interesting literature. It has been printed in an exceptionally easy way which is merely soon after I finished reading this book where it really altered me, changed the way I believe.

The mother of a bullied first grader, popular blogger Carrie Goldman's inspiring true story triggered an outpouring of support from online communities around the world. In *Bullied*, she gives us a guide to the crucial lessons and actionable guidance she's learned about how to stop bullying before it starts. It is a book born from Goldman's post about the ridicule her daughter suffered for bringing a Star Wars thermos to school - a story that went viral on Facebook and Twitter before exploding everywhere, from and to sites all around the world. Written in Goldman's warm, engaging style, *Bullied* is an important and very necessary read for parents, educators, self-professed Girl Geeks, or anyone who has ever felt victimized by a bully, online or in person.
