A NEW HANDBOOK FOR WRITERS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A New Handbook for Writers The description of English forms and functions in this book is primarily a grammar of written English, but since writing is ultimately a representation of Speech, references to spoken forms are included where they will be useful. A writer who is not attentive to his ear is generally a very poor writer. Besides, the sound of speech, if it conveys the intended meaning, often tells a writer what to put in the writing. At the same time, it has been assumed that the current generation of students and teachers can deal more efficiently with visual criteria of classification than they can with phonological, whatever may be true when linguistic study is further advanced and its results more generally known.
