Do you feel less confident when you deal with others Do you succumb to others demands and do things that you do not wish to do Do you want to be on equal footing with others but keep feeling otherwise Do you end up shouting and getting angry with others to be on par with them Have you become habitual of always proving your superiority to others by being aggressive Is something wrong the way you approach people If answers to above-mentioned questions are yes then it makes a strong case for being assertive rather than continuing the existing submissive or aggressive behavior.
