*This ebook is definitely not straightforward to start on looking at but really enjoyable to learn. It usually will not charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Larson Publications, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. Publishers Weekly says of Jerry s first adventure, Readers will find much to enjoy in Jerry s humor, his resiliency, and in the way he meets challenges head on. This action-packed sequel to Mom s Choice Award-winning Jerry s Magic begins with Jerry at eleven, steaming mad about what happens after his first kiss. An encounter with a knife-wielding psycho opens his eyes to how thoughts trap us in what we imagine is happening. Wilcox shows him how replacing anger with forgiveness opens a door to his Higher Self, which brings inspiration. He learns how kindness and understanding help make enemies into friends, how to protect himself from negative energies, and to use the Look only for good. He rescues Monty from a near-suicide prompted by relentless bullying. . . and, oh yes, his romance with Suzie progresses quite nicely!.
