Brand New Book ***** Print on Demand *****.Excerpt from The Sunflower Plant: Its Cultivation, Composition and Uses The introduction and successful establishment of new agricultural industries can not fail to be of benefit to the general agricultural interests of the country, which as a rule are the more prosperous as they are more diversified. Numerous inquiries have been addressed to the Department of Agriculture in the last two years in regard to the growth of sunflowers for economical purposes and the manufacture of oil from their seed, indicating a large and growing popular interest in the subject. It has been found impossible to give the desired information to correspondents in an epistolary form. For the purpose of giving to those interested in the matter all the information available some investigations have been made in the composition of the sunflower, the methods of culture, and the manufacture of oil from the seed. The results of these investigations are contained in the present bulletin. By the courtesy of the Statistician, a circular was sent to the correspondents of the Department for the purpose of ascertaining the...
