

A Text Book on Welding and Cutting Metals (Classic Reprint)

By Oxyacetylene Process

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from A Text Book on Welding and Cutting Metals It is only a short time since the second edition was issued, and it is gratifying to find that the supply is nearly exhausted. There are many mechanics and autogenous welders who desire short, clear and practical instructions on the subject of acetylene welding and it is the purpose of this book to fill this demand. A comprehensive treatise on this subject would necessarily include much technical material that would be useless to the practical man who wishes to acquaint himself with only enough theory to thoroughly master the performance of his duties. and for this reason we have excluded nearly everything of a strictly technical nature. The Chapters on chemistry, physics and metals are of the most elementary nature, and cover in the plainest language only the subjects that are vital to the welders information. At the same time they are sufficiently explicit to give him a thorough working knowledge of the subjects that pertain to his work. In compiling these pages we have consulted the...

Reviews

This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who stante that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).
