Most products on the market achieve only one of those goals, leaving you to use two sets of materials - one for teaching language learning, and one for teaching basic preschool skills. Our product is different. It teaches all the basic preschool skills in both English and Mandarin Chinese, helping young learners to develop the skills needed for entry into school, and starting them on a lifelong path of bilingual education. With bright colored, sometimes exaggerated and funny illustrations, and instructions in both languages, parents and teachers are provided with the tools you need to teach your children in a bilingual atmosphere. For parents and teachers who are not fluent in both languages, an online supplement provides all audio from the text in both English and Chinese. In this volume, children are introduced to colors and shapes. They will learn the names for colors and shapes in both English and Chinese, while having fun coloring the vivid illustrations.
