Lonely Ideas: Can Russia Compete? (Hardback)

By Loren Graham

MIT Press Ltd, United States, 2013. Hardback. Condition: New. Language: English . Brand New Book. An expert investigates Russia's long history of technological invention followed by commercial failure and points to new opportunities to break the pattern. When have you gone into an electronics store, picked up a desirable gadget, and found that it was labeled Made in Russia? Probably never. Russia, despite its epic intellectual achievements in music, literature, art, and pure science, is a negligible presence in world technology. Despite its current leaders' ambitions to create a knowledge economy, Russia is economically dependent on gas and oil. In *Lonely Ideas*, Loren Graham investigates Russia's long history of technological invention followed by failure to commercialize and implement. For three centuries, Graham shows, Russia has been adept at developing technical ideas but abysmal at benefiting from them. From the seventeenth-century arms industry through twentieth-century Nobel-awarded work in lasers, Russia has failed to sustain its technological inventiveness. Graham identifies a range of conditions that nurture technological innovation: a society that values inventiveness and practicality; an economic system that provides investment opportunities; a legal system that protects intellectual property; a political system that encourages innovation and success. Graham finds Russia...
