CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 78 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. If you are fed up with trading systems that promise the earth and fail to deliver then The 10XROI Trading System will not disappoint. The leading foreign exchange broker conducted a study that found that winning traders had something in common. Their wins were much larger than their losses. Many trading systems are designed to have lots of wins but that doesn't make them profitable, they just appeal to the Holy Grail seeker who is looking for a trading system that never loses. By trading a high probability system that gives a very large risk reward ratio like The 10XROI Trading system, you will automatically have a much higher chance of actually making a profit in the Forex markets. Written by a trader with over eight years experience in trading foreign currencies, this book is written in an easy to comprehend style with lots of illustrations and trading examples to help clarify each part of the system. The system is simple and easy to follow and takes up a very small amount of time as it uses the daily and hourly time frames. This makes it easy to trade around most jobs. Most importantly it explains every part of the system including the correct trading psychology and money management which most systems leave out. This is a typical review from a student. I recommend the 10XROI Trading System book for novice traders and experienced traders. This is a forex system combined with perfect money management that makes it incredible. This is a must book for every forex trader. Bankim Vaidya This item ships from La Vergne, TN. Paperback.
