

## Open.: Candid Haikus about Everyday Life (Paperback)

By Z E Frey

Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is not your typical collection of haiku. Have you ever wanted to vent but not compromise the identity of whom or what you are complaining about? A haiku is the way to do it! Laugh and be inspired by 560 thought-provoking humorous and brazen haiku about love, betrayal, faith, work, and even the struggles of weight-loss. / There were aha! moments (It looks nice from here/ But I m seeing piles of bills/Envy fades away) and moments of recognition (In order to grow /I must learn how to forgive/Damn. That s a challenge.). Some of the haiku just beg to be copied on a post-it and stuck to my mirror (Eyes are like fire/When you speak arrows of truth/Killing the slander.). Frey s authentic voice is perhaps the best part. She shows so many individual facets of her mind and heart that she creates a wonderful mosaic of herself. Open is definitely worth the time to read. I suspect I will reread it. / Gail Sosinsky Wickman for Readers Favorite.
