

Alchemy: How to Be Free, Live Life and Create Everything You Desire (Paperback)

Filesize: 9.26 MB

Reviews

A top quality publication and also the font employed was interesting to learn. It is really simplistic but excitement within the fifty percent from the book. Its been designed in an remarkably basic way in fact it is only following i finished reading this pdf where in fact changed me, modify the way i believe.

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The main secrets about money have always been explored and studied from different spiritual viewpoints but kept hidden from the majority. It has always seemed like a neglected topic for any religious group, despite evidences showing that some spiritual individuals and priests are extremely wealthy. The alchemists and the knights templar emerge in recent history as the wisest in the application of these spiritual laws for the acquisition of fortune, taking into account that they sponsored the most powerful monarchies and created the first European banking system. This history remains hidden in symbols, monuments and religious codes, visible only to those that can interpret them. Even common words from our daily life remain codified for those using them in the fields of economy and finance. As mindless robots, over 99 of the world population remains in the dark, in utterly ignorance about something they use every day, i.e., money. This book describes in detail and precisely what only 1 of the wealthiest individuals in the entire world know about money and how they think, while explaining how money can be interpreted from an alchemical perspective.
