2010. Hardcover. Book Condition: New. 330 It is a hand book on and about poll surveys and the way they are being used by news media. It points to pre-emptive nature of media coverage of polls. A reference book for those in news media covering up and coming political leaders and aspiring candidates, as well as for budding psephologists and analysts in media, what they should look for from surveys and how they should be appraised. The book highlights transparency in conducting and in use of poll surveys. It reminds researchers and survey agencies, the challenge of upholding sanctity and significance of surveys in public domain. He expanded ORG into a national outfit and launched media research and poll surveys first time.
