

The Young Adolescent: Clinical Studies

By Peter Blos

Free Press. Paperback. Condition: New. 280 pages. Dimensions: 7.9in. x 5.6in. x 0.7in. Through his extensive clinical experience with adolescents Dr. Blos has come to consider the early years of adolescence the most crucial ones because they lay the foundation for later adolescent development. Fixations in the early phases of adolescence give rise to deviant developments which the two case studies of this volume richly illustrate. Susan and Ben were both successfully treated, and these insightful analyses of their treatment form a major contribution to psychoanalytic theory and practice. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

Reviews

This pdf is wonderful. It really is written in simple terms instead of hard to understand. It's been developed in an exceedingly simple way and it is just after I finished reading this ebook in which in fact modified me, altered the way in my opinion.

-- **Ollie Powlowski**

This is basically the finest publication I actually have gone through till now. We have read and I also am confident that I am going to likely read through again once more in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Prof. Adell Lubowitz**
