Breast cancer is the most common type of cancer among women--About 1 in 8 U.S. women (about 12) will develop invasive breast cancer over the course of her lifetime. Second only to heart disease by a mere one percent, every ounce of prevention and every window of opportunity for healing is critical. In order to reduce the risk of developing this common disease, you need a targeted plan to protect yourself from common breast toxins and to strengthen your immune defenses. In her delightful new book, Daniella breaks down the complex topic of oncology nutrition and the specific dietary needs breast cancer creates, into simple recommendations for making delicious smoothies that support healing and a healthy lifestyle. An extensive body of research, that provides many of our long-sought answers to the cause of breast cancer, has been translated into simple, healthy smoothie recipes! It s all about Daniella s nutrient-rich, whole-foods recipes created only from ingredients that provide a direct benefit to fighting breast cancer.
