## GEOMETRIZATION OF PHYSICAL QUANTITIES

Editorial URSS, 2011. soft. Condition: New. Fundamental and derived physical quantities are geometrized on the basis of the hypothesis of global stationary state of our Universe. A new (L) system of physical quantities based on a single quantity (length) is created and developed. Numerical values of seven base units as well as fundamental physical constants are calculated in the L system. We give a geometric interpretation of fundamental notions of macro- and micro-mechanics and explain a large number of physical...
