The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

PHILANTHROPY AND RECONCILIATION: REBUILDING POSTWAR U.S.-JAPAN RELATIONS (PAPERBACK)

Japan Centre for International Exchange, Japan, 2006. Paperback. Condition: New. Language: English . Brand New Book. The U.S.-Japan relationship has undergone many changes since the end of World War II. Perhaps the most dramatic and least understood transition was the change in perceptions and values that allowed these two former enemies -countries which shared substantially fewer ties of kinship and culture than did the United States and Europe - to become the closest of allies in a remarkably short period of time. Philanthropy and Reconciliation examines the critical role of civil society, and particularly of American and Japanese philanthropy, in rebuilding the U.S.-Japan relationship in the postwar period. Foundations and individual philanthropists set out to promote democracy in Japan, reconstruct the foundations of mutual understanding between Japan and the United States, and encourage a continuing dialogue on the future of the relationship. To do this, they provided generous support for strategic institution building, the development of human resources through support for individual study and training, the promotion of American studies in Japan and Japanese studies in the United States, and a broad range of international exchanges and dialogues. This groundbreaking study analyzes the context and implications of this support, both for understanding the past and for improving the way in which we address post-conflict reconstruction and reconciliation in the future. Contributors include Kimberly Gould Ashizawa, James Gannon, Katsumata Hideko, Menju Toshihiro, and Wada Jun (Japan Center for International Exchange, Inc.), and Kimura Masato (Shibusawa Ei ichi Memorial Foundation, Japan).
