Even being dead isn't enough to get you out of maths class. Dying wasn't on sixteen-year-old Riley Richardson's to-do list. And now, not only is she dead, but she's stuck in a perpetual high school nightmare. Worse still, she's stuck there with the geekiest, most annoying boy in the history of the world, ever. In a school where the geeks are popular and just about everything is wrong, Riley has become an outcast. She begins a desperate quest to get back home, but her once-perfect life starts to unravel into something not nearly as great as she thought it was. And maybe death isn't really that bad after all. . .
