This 150+ page book not only gives you a step by step guide in how to become a private ESL tutor, it also contains original and unique material you won't find anywhere else, designed for teaching conversation and pronunciation skills to students who need to be able to speak socially. Distilled from my 14 years experience teaching English privately to students from all over the world, all the exercises have been designed and written by me. Rarely do ESL courses offer these kinds of exercises so even teachers with decades of experience will find something new. This book sets up a completely different style of teaching for private lessons for adults and you'll find your students surprised as they learn all the things that they have always wanted to know first but English courses generally either don't teach them or leave them till last. Many ESL courses today are designed to keep students there studying slowly for years. There's no need to do that. This book will enable you to get your student speaking conversational English quickly in weeks! Most of your initial students are probably going to be from university, new to the workforce, searching for a job or applying for a visa. Later, as you get more experience, you'll probably get government officials, CEOs, professional travelers and even rock stars. But when you start teaching, make sure your mindset is around teaching people who have a fascination for the world and will want to ask you ANYTHING. Don't be squeamish. Put aside any judgments, religious beliefs, political views, sexual preferences or anything else that may hold you back, and give them all you...
