It is great and fantastic. Better than ever, though I am quite late in starting to read this one. It has been written in an extremely simple way and is particularly only right after I finished reading this ebook where it actually changed me, affected the way I really believe.

Knopf Publishing Group, United States, 2014. Hardback. Condition: New. Language: English . Brand New Book. The would-be burglars--nonpro s--were ordinary people leading lives of purpose: a professor of religion and former freedom rider; a day-care director; a physicist; a cab driver; an antiwar activist, a lock picker; a graduate student haunted by members of her family lost to the Holocaust and the passivity of German civilians under Nazi rule. Betty Medsger s extraordinary book re-creates in resonant detail how this group of unknowing thieves, in their meticulous planning of the burglary, scouted out the low-security FBI building in a small town just west of Philadelphia, taking into consideration every possible factor, and how they planned the break-in for the night of the long-anticipated boxing match between Joe Frazier (war supporter and friend to President Nixon) and Muhammad Ali (convicted for refusing to serve in the military), knowing that all would be fixated on their televisions and radios. Medsger writes that the burglars removed all of the FBI files and, with the...
