Reviews

This ebook is fantastic. It is actually written in straightforward terms rather than hard to understand. It has been designed in an extremely straightforward way and it is merely soon after I finished reading through this ebook through which in fact modified me, altered the way I really believe.

NOT A STRING (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****. Not a String challenges the young child s imagination. In an age of computers with graphics available for any child to see it can be said that the fertile imagination of a young child can be stunted. Let your and your child s mind run freely as you explore the shapes a string can take. This book does not pretend to exhaust all the possibilities available. Leave it to your child s mind to freely explore the world of the string that is so much more. The book leads the way also as an early reading book. The print is 18 point for ease of reading. There are rhymes throughout to keep the young mind interested and the words and sentences are just advanced enough for easy learning, but not so advanced to be frustrating.
