

Generation Cricket: Players and Skills (Paperback)

Filesize: 6.67 MB

Reviews

The ideal ebook i actually read through. It really is written in simple words and phrases and not confusing. Its been written in a remarkably simple way and it is just after i finished reading this ebook where in fact modified me, affect the way i think.
(Alice Cremin)

GENERATION CRICKET: PLAYERS AND SKILLS (PAPERBACK)

[DOWNLOAD](#)

Hachette Children s Group, United Kingdom, 2018. Paperback. Condition: New. Language: English . Brand New Book. Cricket is a game steeped in history and tradition. But it is also one of the most exciting, and rapidly changing, sports in the world. New, fast-paced, forms of the game such as the IPL have attracted a younger fan base, and sponsorship deals and increased media coverage mean that top cricket players are some of the best-known, highly paid, sports stars on the planet. Generation Cricket celebrates the rejuvenation of the game, giving readers a sense of the drama, action and skill involved in playing the game. Generation Cricket: Players and Skills looks at everything involved in playing cricket, from batting, fielding and bowling to scoring, equipment and the pitch. The rules of the game, including the ever-complex LBW law, are explained, along with how runs are made, and the numerous ways a player can be out . The book also looks at some of the key people involved in a cricket match, including the umpire, wicket keeper and captain. Different bowling and batting techniques, from seam, swing and spin bowling to cover drives and hook shots, are also explained. Star Player features provide information about the men and women at the top of the sport both now and in the past, including Sachin Tendulkar, Ashton Agar, Charlotte Edwards, Kevin Pietersen and Muttiah Muralitharan. A comprehensive guide to the players, skills and tactics involved in a game of cricket, Generation Cricket: Players and Skills is ideal for cricket lovers aged 9 and above, either for project work or simply as a great leisure read.
