Family Day Care in the United States, Vol. 1: Summary of Findings (Classic Reprint) (Paperback)

By Steven Fosburg

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Family Day Care in the United States, Vol. 1: Summary of Findings The National Day Care Home Study was a four-year study of urban family day care sponsored by the Day Care Division of The Administration for Children, Youth and Families in the Office of Human Development Services, Department of Health and Human Services. Family day care is nonresidential child care provided in a private home other than the child's own. Encompassing a myriad of unique arrangements between families and their day care providers, family day care constitutes the largest, most complex system of child care in the United States. It is distinguished from care in a day care center, nursery school or other group facility as well as from substitute care provided in the child's own home. Family day care is composed of three major categories delineated by regulatory and administrative structure. The largest of these categories consists of unregulated providers who operate informally and independently of any regulatory system. A second category consists of regulated (licensed or registered) caregivers who meet state and/ or federal standards...
