SLACK Incorporated, United States, 2016. Paperback. Book Condition: New. Workbook. 279 x 216 mm. Language: English . Brand New Book. Interprofessional Evidence-Based Practice: A Workbook for Health Professionals promotes active, team learning of interprofessional evidence-based practice (EBP). This book is distinctive in that it departs from the tradition of evidence-based practice occurring from a single disciplinary perspective. Interprofessional evidence-based practice is described in terms of a dynamic team process that blends the patient's preferences and values, the expertise of practitioners from multiple disciplines, and incorporates multidisciplinary evidence. Teams learn to use the nine phases in the interprofessional process to challenge current disciplinary paradigms and biases to create an integrated approach to patient care, healthcare delivery, or population health. Drs. Penelope Moyers and Patricia Finch Guthrie focus on developing and fostering collaboration between academic institutions and healthcare organizations so that students and faculty participate on interprofessional teams with mentors and staff from a healthcare organization. Interprofessional Evidence-Based Practice: A Workbook for Health Professionals also addresses the communication and cross-organizational factors important for supporting the work of the team. Common team and mentoring issues encountered in EBP are clearly articulated, along with the iterative problem-solving approaches necessary to mitigate temporary stumbling blocks. The book provides detail for developing and launching an Interprofessional Evidence-Based Practice program that goes beyond the evidence process to include implementation science to support practice change. Approaches for developing partnerships for supporting this type of program between universities and health care institutions are contained within, including sample partnership agreements and resource-sharing strategies. Inside Interprofessional Evidence-Based Practice: A Workbook for Health Professionals, each chapter includes performance objectives, key words, checklists, and materials and resources that an interprofessional team can use. PowerPoint lectures, mentor newsletters, forms, tools, and other resources are included on a companion website to guide team learning...
