CRC Press. Hardcover. Book Condition: New. Hardcover. 200 pages. Environmental decisions present themselves every day in forms large and small. Should I walk to work today What about global warmingshould I write my congressperson and demand that the government do something Should I put solar panels on my roof Should I get a different car or turn up the temperature on the air conditioner or get water-saving fixtures for my bathroom As environmentalism has become more complex, with potentially far-reaching impacts, it seems to be outpacing our individual understanding of the basic issues. A fresh view of modern environmentalism, *Fundamentals of Practical Environmentalism* challenges readers to integrate concern for the environment with the necessities of daily living. This book introduces practical environmentalism as a new approach to sustainable environmental progress. It presents a four-part framework that includes environmental degradation, resource conservation, economic progress, and personal benefit as the four pillars to address when attempting to act on behalf of the environment. The book consists of three main sections. Looking at historical and ethical perspectives, the first section examines the theoretical basis for practical environmentalism. The second section explains each of the four pillars in detail and demonstrates how to combine them into a holistic metric that guides environmental actions. The final section presents a number of case studies that run the gamut from small personal choices to the biggest and most contentious environmental dilemmas of the day. It shows how practical environmentalism via the four pillars can lead individuals toward better environmental decisions and an improved chance for true environmental progress. This timely book will be of use to activists, policymakers, researchers, resource managers, government agencies, and students alike, as well as anyone confronted with environmental choices in their daily lives. This item ships from multiple locations. Your book may...
