McGraw-Hill Education - Europe. Hardback. Book Condition: new. BRAND NEW, Tradings Systems That Work: Building and Evaluating Effective Trading Systems, Thomas Stridsman, This book provides guidelines for designing and building a unique, powerful, and profitable trading system. Successful trading is more than just a series of single, isolated activities, each fighting its own battles in a dog-eat-dog marketplace. It is instead a system, in which all components work together to ensure that each trade is well protected, easy to implement, and capable of generating a steady stream of low-risk trading returns. "Trading Systems That Work" shows you how to combine today's best available information and techniques into a simple system that works for you - across all markets and market conditions. Look to this clear, step-by-step book for: guidelines for implementing a consistent money management program; portfolio composition techniques to ensure maximum profit potential - while minimizing exposure to unnecessary risk; and, strategies to exercise proper risk management through stop losses, profit objectives, and more. Whether you are a multimillion-dollar institutional investor or an independent trader with a \$10,000 account, your trading system - and your comfort with that system - will spell the difference between long-term success and failure. Let "Trading Systems That Work" help you design a strategic, well-thought-out trading system, one that puts you in complete charge of your trading fortunes. When it comes to designing a trading system, serious traders don't have time to reinvent the wheel. Instead, they generally incorporate the proven, time-tested systems and techniques of others into their own - a personalized system that takes into account their trading budget, risk tolerance, action requirements, time horizon, and abilities to accept market- and system-specific anomalies. "Trading Systems That Work" is the first book to evaluate many of today's most influential techniques and, emphasizing trading software programs...
