## PATAGONIA: A CULTURAL HISTORY

Signal Books Ltd. Paperback. Book Condition: new. BRAND NEW, Patagonia: A Cultural History, Chris Moss, Patagonia is the ultimate landscape of the mind. Like Siberia and the Sahara, it has become a metaphor for nothingness and extremity. Its frontiers have stretched beyond the political boundaries of Argentina and Chile to encompass an evocative idea of place. A vast triangle at the southern tip of the New World, this region of barrensteppes, soaring peaks and fierce winds was populated by small tribes of hunter-gatherers and roaming nomads when Ferdinand Magellan made landfall in 1520. A fateful moment for the natives, this was the start of an era of adventure and exploration. Soon Sir Francis Drake and John Byron, and sailors from Europe and America, would be exploring Patagonia's bays and inlets, mapping fjords and channels, whaling, sifting the streams for gold in the endless search for Eldorado. As the land was opened up in the nineteenth century, a crazed Frenchman declared himself King. A group of Welsh families sailed from Liverpool to Northern Patagonia to find a New Jerusalem in the desert. Further down the same river, Butch and Sundance took time out from bank robbing to run a small ranch near the Patagonian Andes. All these, and later travel writers, have left sketches and records, memoirs and diaries evoking Patagonia's grip on the imagination. From the empty plains to the crashing seas, from the giant dinosaur fossils to glacial sculptures, the landscape has inspired generations of travellers and artists. This place is a land of myth and legend: the "big foot" Indians and sea monsters; the mad King of Araucania and Patagonia; penal colonies and Nazi fugitives. It is land of explorers and settlers: Magellan and Drake; the journey of the Beagle; Welsh migrants and gauchos; Salesians and sheep farmers. It...
