Downtown Bookworks, 2016. General merchandise. Condition: New. Language: English . Brand New Book. A simple, fun, fully-illustrated introduction to birds comes packaged with kid-friendly binoculars to encourage kids to explore the natural world around them. The clear, easy-to-follow reference is designed for a young audience with large pictures and minimal text highlighting the most interesting things to notice about the most common birds in North America--ones that kids would easily spot in their own backyard or local park. The book also highlights features and behaviors children can look for when they observe birds up-close (with the binoculars that come in the kit). In addition, the guide suggests fun, educational activities such as making a hummingbird feeder, or homemade bird treats to attract feathered friends. A portable checklist is included to help children identify common birds when they re out birding, and there is a colorful, interactive poster as well. An engaging resource for budding naturalists, this kit will also get kids exciting about experiencing nature up-close.
