*Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).

## THE CHRONICLES OF LEADERSHIP

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Wendy Lockinge, Vice Chancellor of a university set in the North of England, and formerly a celebrity detective, is battling against a drug crisis on campus. She also has to manage her problem relationship with daughter Jessica, who accuses her of abandoning the search for her missing father. When Jessica disappears from school, Wendy assembles a team of her university irregulars to find her, including a scientist with a pet python he uses to make his lectures more interesting, a local news reporter, a student activist, and a lecherous TV pundit. A series of mysterious and violent deaths occur in a nearby top secret research establishment, all of which seem connected to the drug problems that are plaguing the university. The team has stumbled into a battle for a century old secret concealed in the archives of the university. Wendy finds herself in a race to rescue Jessica, and to prevent members of an international conspiracy from discovering the secret, and from plunging the world into anarchy. Throughout the book, its Characters wrestle with the dilemma of trust. Why is Wendy unable to tell Jessica the truth about her father? Which offers of help from outside contacts are genuine, and which are traps laid by a false friend? The truth is revealed only after a life or death struggle for ownership of the secret of the Chronicles of Leadership, in an underground experiment that has gone terrifyingly wrong.
