This startling new interpretation of Jungs life and psychology is based on the insight that he was essentially a Taoist. Drawing on Jungs own letters, aphorisms, and other writings, David Rosen examines six crises in Jungs personal development, from childhood revelations and youthful rebellions to his break with Freud and his later work with the I Ching. Rosen discovers many parallels between Jungs natural world of the psyche and that of Taoist philosophy: the integration of opposites; the Great Mother as the origin of all things; the I Ching and synchronicity; the Way of Integrity and individuation; and the need to release the ego and surrender to the Self or Tao. As an increasing number of people turn to Eastern philosophy as a means of handling the many stresses of an increasingly confounding world, this illuminating introduction to both Taoism and Jungian thought provides a valuable spiritual resource for contemporary followers of the Path. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
