Touchstone. Paperback. Condition: New. 256 pages. Dimensions: 7.0in. x 4.1in. x 0.8in. Harveys little blue paperback is truly the seminarians friend and I always keep a copy in sight when Im preparing a sermon or otherwise committing God talk to paper. An especially nice feature of the Handbook is that it points out distinctions between Roman Catholic and Protestant terminologies, important in these ecumenical times when we often dialog together and take courses at each others colleges and seminaries. There are glossaries and dictionaries that are more up to date but thats not always an advantage, because their trendiness comes at the expense of excluding theological terms that are centuries old and will be around for centuries to come. Im not sure the lay person will have much need for the Handbook, but by all means if people at your church are arrogant enough to use terms like Arianism, Docetism or Prevenient Grace without defining them, get yourself a copy and fight back! This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
