Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Problems in Arithmetic for Junior Classes: Part I., For Second Book Classes; Part II., For Third Book Classes In the course of fourteen years experience as a teacher the compiler of this little hand-book of problems has gathered for class use, from various and numerous sources, many of which cannot now be acknowledged, a large number of practical problems for the purpose of more fully impressing the abstract rules, and for showing to classes how the same general principles apply to questions though their verbal dressing may bear no resemblance. Many of the exercises have been in successful class-room use for a number of years, which fact gives him confidence in submitting them now to the general public of teachers. Our older teachers will not feel the need of such a book of problems as the present to the same degree that our younger brethren will, and it is with a view of being of assistance to the latter that this collection is now a candidate for popular consideration. In the final arrangement of the...
