Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from **A Technique for Measuring the Surface Temperature of Transistors by Means of Fluorescent Phosphor** Zmost of the heat developed by a transistor is produced in its collector junction, where the highest temperature is found. In power transistors it is common for the collector current to be distributed unevenly over the area of the collector junction thus causing nonuniform heating of the junction and local hot spots. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
