Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Broadly speaking, the majority of books on Jacques Lacan focus on the earlier periods of his career. They also tend to target the psychoanalytic clinical community, or else discuss his work in various political, social, and cultural contexts. But in almost all cases these books refrain from a detailed exegesis of his actual texts. They instead prefer to comment on his theoretical apparatus as a whole before turning to its practical implications. *Lacan and Meaning* positions itself against this grain. Firstly, it closely analyzes some half-dozen key Lacanian texts. This analysis is organized under a single thematic - the question of meaning - in order to advance the reader's understanding of the trajectory of Lacan's thought across his entire career, as well as to promote the book's thesis that the field of meaning can be suspended. Accordingly, an initial chapter takes up the hermeneutical tradition from Flacius onward. This is then supplemented by a chapter which surveys phenomenological, structuralist and aesthetic theories of meaning and their differing methods of textual analysis. Together these two chapters provide a unique context for the sustained analysis of Lacan's texts which begins in the third chapter, an analysis that forms the bulk of the book's content. This contextualization potentially widens the book's appeal to any scholar wishing to explore his relationship to those textual objects he interacts with on a daily basis. And because this book assumes the reader has little to no familiarity with Lacan, the reader will find patient explanations of the basics of his theories before slowly being led up to the more difficult theories of his late years. Again the argument is that...
