Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book provides examples of 25 MORE simple experiments (Chemistry, Human Body and Science and General Science) that can be Made at Home and do with your children. It is an introduction to the wealth of material in many other books available in libraries and bookstores. Science Experiments engages young children. It has experiments they can see, touch, manipulate, and modify; situations that allow them to figure out what happens--in short, events and puzzles that they can investigate, which is the very stuff of science. All the experiments have been tested by a group of moms and they work great! But most importantly, kids of all ages are observing, asking questions, learning science, and loving it! And, science experiments are not a hassle anymore, because it s all in the bag! Together, with this book, parents and children can: - Learn how fires are put out; - Learn how to make glue from vinegar and milk; - Learn how much iron is in different juices; - Learn how to make invisible ink; - Learn how to grow crystals in the sun; - Learn how to make your own perfume from common garden plants and spices. Review: Science Experiments Volume 2 has been a great addition to our home school. We find an experiment to match what we are learning. Everything is in the bag, minus perishables, and we re all set to go! All my kids participate and I m not running all over the house gathering supplies. Pearlita M. It s a bit of work at first, but if you do a little each day and share the work with a group of friends you are done! You ve got science...
